## Travel

I see my path, but I don't know where it leads. Not knowing where I'm going is what inspires me to travel it.

## What's your favorite?

We asked Doug Scott, owner of Remington Lighting,  
"That's not fair! That's like asking 'Who's your favorite child?'"

After pressing, he responded,  
"Style 2425. Solid brass sunburst - essential beauty of form  
and material, modern in expression."
